In Case of an Emergency…

1. **Contact the proper authorities.** Call JHU Security at (410) 516-7777. If you are off-Campus and there are injuries, call 911 immediately. JHU Security may ask you to call 911 for police assistance depending on where you are and the extent of the damages. If you need roadside assistance, call the 24 hour answering service at 1-888-645-4TOW (Tim’s Auto).
2. **The van is dead.** If the van doesn’t start and you are stranded, call 24 hour answering service, 1-888-645-4TOW (Tim’s Auto) and then contact JHU Security (410) 516-7777.

3. **I have a flat tire.** You should change the tire only if the van is in a safe location and you are know how and what to do. The equipment and directions necessary are in the rear of the vehicle. The spare tire can be located on the underside of the vehicle. If you are not comfortable with a flat tire operation, or if you are stuck on a busy highway or another unsafe area, call the 24 hour roadside service, 1-888-645-4TOW (Tim’s Auto). They will assist you and send help.

4. **I just got into an accident.** Follow the instructions for an emergency. If the accident is off campus, local police should be notified. Cooperate with the authorities as much as possible, but don’t argue the merits of the accident. When you safely return to Homewood, you should contact the JHU Security to file an incident report. Please notify JHU Transportation as soon as possible after the accident. **Do not arrange for the van’s removal unless JHU Transportation has been notified.**

5. **Inclement Weather.** If you are out in a van and the roads are impassable because of snow or other inclement weather, call the Transportation Office for instructions, (410) 516-7275. If the desk is closed, contact the JHU Security Office at 410-516-4600 or 410-516-7777. **If you are scheduled to pick up a van during inclement weather call the Transportation Office to check if that day’s reservations have been cancelled. We reserve the right to cancel any reservation without notice.** **If the University is closed the vans will not be operational.**

6. If you are involved in an emergency situation and are unable to reach anyone in JHU Transportation, contact the JHU Security Office at 410-516-4600 for further instructions.

**Parking**

The vans are located in the top level of South Parking Garage. Those of you not familiar with the location of the garage may go to http://www.ts.jhu.edu and click on the link to the Homewood campus map.

If you have any questions please feel free to contact JHU Transportation at parking@jhu.edu or 410.516.7275, Monday thru Friday, 9am-5pm.
DriverCheck Inc.

JHU Transportation utilizes the DriverCheck Inc. Drivercheck is recognized by its familiar “How’s My Driving?” decal. This decal is located on the rear of each van. Thousands of companies in the North America to promote safety and reduce collision frequency costs use the DriverCheck risk-management program.

DriverCheck helps save lives and money by developing safety awareness on the part of company drivers, supervisors, and managers.

DriverCheck helps identify unsafe drivers before they have costly accidents. Drivercheck gives management the specifics—who, what, where, and when—if driving incidents. Using materials developed in partnership with the National Safety Council, America’s safety and health leader for 90 years, DriverCheck provides information supervisors need to counsel those who receive incident reports. The result is safer drivers.

If someone calls in and reports an unsafe driving practice, a report is generated and then sent to JHU Transportation. The report will indicate the van involved, the date of the incident, and the infraction. Each infraction is assigned risk points. The higher the points, the more likely the behavior will result in an accident. JHU Transportation will determine what disciplinary action is required based on the severity of the infraction. Multiple infractions by one driver or group may result in permanent suspension.
